Presentation Of Awards Given First Aiders

Coal Companies Sponsored Annual Banquet; First Aid Competition to be Held July 1 at Blairmore.

The local coal companies were hosts to the Coleman branch of St. John Ambulance Association on Saturday evening at a banquet in the Grand Union Hotel. P. A. Dickieson, secretary of International Coal & Coke Co. Ltd., was chairman.

In his remarks Chairman Dickieson stated that a number of McGillivray officials as well as inspectors of mines in the Pass, Mr. Duncan Brown, were unavoidably absent due to an insect being held at the same time as the banquet. He praised the work of the St. John Ambulance in Coleman and voiced encouragement to the youth in town to take up this humanitarian work. He read a letter from Mr. J. J. McIntyre, general manager of the two companies, voicing the latter's regret at being unable to attend in person, but wishing the Association continued progress in its good work.

E. M. Greenhalgh voiced his regret at there being no visitors from neighboring towns present. He congratulated S. B. Ryan on winning the George Kellock Memorial Shield with a point score of 119 out of a possible 120. He was of the opinion that First Aid was of a higher standard in Coleman in 1946 than in the past several years. While this year the membership was not large he anticipated an increased membership next year. He spoke briefly on the July 1 First Aid competitions to be held in Blairmore.

Past president Archie McCulloch spoke in some detail on the July 1 competition. He expressed opposition to the July 1 date as it, in his opinion, did not allow sufficient time for teams to practice. August 3 was a more convenient date, stated Mr. McCulloch, as it allowed for more training prior to the competition. He hoped that Coleman would enter a winning team, but wished all teams in the competition good luck.

E. X. Hill in his brief address dealt mainly with the consideration of "shock" in accidents. It was his opinion that insufficient attention had been given by the students to shock.

J. M. Rushton, secretary, told the

Notice To West Coleman Parents Having Children of Starting School Age

Parents in West Coleman having children reaching six years of age on or before October 1st, are asked to register the children's names and ages with Miss A. Yuill at Cameron School. Proof of age must be shown by a birth certificate or some other document.

BOARD OF TRUSTEES.

ENGLISH BRIDE WELCOMED TO COLEMAN

The war brides committee were hostesses at their fourth war brides' shower, Friday, June 14. The honored guest was Mrs. L. Caroe, recently arrived from Surrey, England.

Approximately ninety ladies enjoyed court whist and bingo. Whist winners included Mrs. A. Ryan, Mrs. H. Caroe and Mrs. F. Cox. Bingo was won by Mrs. M. North.

Following a most delicious lunch, served by the hostesses and assisted by Mrs. Irene Caroe and Mrs. Isobel Spievak, Mrs. J. Kostelnik, on behalf of the gathering, extended to the bride a very warm welcome to Coleman and presented her with numerous lovely gifts.

Mrs. Caroe thanked all the ladies, and especially Mr. and Mrs. W. H. Garner for the beautiful corsage she was wearing.

John Dutka Succumbed To Mine Injuries

Funeral Held on Sunday Afternoon; Wife Resides in Poland.

John Dutka, who passed away at the local hospital on Friday morning as the result of injuries suffered in a mine accident June 10, was buried on Sunday afternoon in Coleman Catholic cemetery.

Born at Wilkowice, Poland he grew up in that country and married, there being two daughters to the marriage.

In 1928 he came to Canada settling first at Fernie. The bulk of his 18 years in the country was spent at Wayne and East Coulee. Sometime in 1935 he worked for a few months at International before leaving once again for the Drumheller Valley. It is about two years since he came to Coleman and has been an employee of McGillivray Creek during that time.

The funeral was held on Sunday afternoon with a brother and Coleman Polish Society in charge of arrangements. Interment took place in Coleman Catholic cemetery.

Deceased had been corresponding quite regularly with his wife in Poland and had already made application to immigration authorities for her arrival in Canada at the earliest possible moment. Aware of the destitute conditions prevailing at the present time in Poland he had been sending parcels in a steady stream to his family. In fact the day he was injured he had a friend send away a parcel he had planned on mailing that evening.

Rodeo to be Known as "Coleman Crow View Rodeo; 50 Piece Michel-Natal Band to Play Here

Parade To Start Big Show; Public Address System To Keep Patrons Abreast of All Activities.

Coleman's big August 3 Stampede is fast being whipped into shape.

The Rodeo committee and the executive of the board of trade met in joint session on Tuesday evening to consider several important points.

Charles Sartoris, of Blairmore, has thrown his support behind the big event by granting permission to use a number of his cows and calves for a conservative fee. This will eliminate the long trek to Claresholm and back for the stock from the Burton ranch.

Numerous entries were received on the name contest but all failed to satisfy the committee. It was finally agreed to name it "Coleman Crow View Rodeo."

Coleman Grands Held Wind-up Smoker

Bill Fraser Presented With Best Player Award.

Coleman Grands intermediate hockey club wound up the hockey season with a smoker in the Grand Union hotel last Friday evening. President Ray Spillers was chairman.

The highlights of the evening was the presentation of the new Alberta Breweries Memorial Shield to the Coleman Grands emblematic of the Crows Nest Pass hockey championship. The shield had been secured through the efforts of the CNP league. The presentation was made by L. S. Richards, sponsor of the Grands.

A second presentation was that made to Bill Fraser, voted the most valuable player to his team by three judges in each town in which a team was entered. The presentation was made by league secretary Al. Tiberg on behalf of Leo Shannon, of Sentinel Motors, donor of the award.

President Spillers called for more co-operation among the league teams rather than the chilled rivalry that prevails at the present time.

League president Joe McDougall boosted for importation of hockey players in an effort to improve the calibre of hockey in the Pass.

RED CROSS NOTES

The following Red Cross Shipments were sent to provincial headquarters, Calgary:

29 girls' dresses and panties
girls' vests; 16 girls' night dresses;
1 boy's shirt; 3 boys' sweaters;
6 quilts; 7 men's handkerchiefs; 2 men's scarves.

...V...

ANNOUNCEMENT

Mr. Charles Nicholas announces the engagement of his daughter, Charlotte, to Michael Savage, of Seattle, Washington, the marriage to take place in Seattle on July 4.

AMBASSADORS OF GOODWILL!

Coleman Board of Trade sent President Horace Allen and Frank Abousmady to Lethbridge last Friday as its ambassadors of goodwill to the International Goodwill gathering at Lethbridge and sponsored by the Lethbridge Board of Trade. Premier E. C. Manning was the guest speaker.

The two local delegates, during committee discussion on highways, made a strong plea for consideration towards improvement of that portion of No. 3 highway from Pincher to the B.C. border.

Ernest Hill Honored By Saint John Ambulance

Ernest Hill, president of Coleman branch St. John Ambulance Association, was honored by the Dominion body of the St. John Ambulance Association when he received a document bearing his name and signed by the former Governor-General Viscount Athlone.

The document is the Venerable Order of the Hospital of St. John of Jerusalem Commandery in Canada and expresses the special thanks of the Dominion body for services rendered the St. John Ambulance.

The award was presented to Mr. Hill recently when a special showing of film was shown here by the St. John Ambulance and the Workmen's Compensation Board in the Palace theatre. The presentation was made by provincial secretary E. C. C. Emmott.

There are four such honors in Coleman, they being held by J. M. Rushton, E. M. Greenhalgh, A. McCulloch and E. Hill.

The latter is to be congratulated on his very fine award.

Citizens Asked To Prepare Clothing Parcels

Depot At St. Paul's Club Room; Grocery Truck Drivers Will Accept Bundles.

Maurice Cooke, chairman of Coleman's National Clothing Campaign, is asking for the support of all grocery store proprietors in permitting their delivery truck drivers to accept all bundles of used clothing offered them by local citizens and bring them to the local depot in St. Paul's club room.

Due to lack of sufficient help it will be impossible to make a door-to-door canvass and as a result householders are asked to prepare their bundles and give them to the drivers.

People shop where they are invited—that's why it pays to advertise.

Maurice Cooke Mentioned In King's Honor List

Made Member of the Order of the British Empire.

Probably the first honor of its kind ever to be given to a Coleman citizen was bestowed on Lieutenant Alfred Maurice William Cooke on Thursday, June 13, when the King's honor list was released revealing that he had been made a Member of the Order of the British Empire.

Maurice has since been receiving the congratulations of his many friends locally and further afield but ruefully remarks that outside of the newspaper report he has received nothing officially regarding the honor.

The honor has been won as the result of his services to King and Country during the war years.

In August, 1940 he enlisted, serving with the 15th Alberta Light Horse unit until May, 1942. This unit had its headquarters in Pincher Creek with a detachment in the Pass. He was in charge of the Pass detachment for approximately 14 months. The 15th Alberta Light Horse finally disbanded in the spring of 1942 and he and one or two others transferred to the 93rd Battery, RCA with headquarters in Macleod.

In March, 1943 he received his commission, becoming a Second Lieutenant. In 1944 he was promoted to the rank of Lieutenant and took command of the Battery in June 1945.

He has trained many soldiers during the past few years putting in many hours of strenuous drill and taking care of numerous duties pertaining to the Battery.

It is most gratifying that Maurice's work should be so recognized with so signal an honor and his many friends join in extending their congratulations.

WORLD HAPPENINGS
BRIEFLY TOLD

Ninety-eight Canadian-bred Friesians have reached England, the first cattle imported into Britain from Canada since before the war.

The Greek government has given the British Empire 20 acres near Phaliron on the Gulf of Athens for a cemetery for British war dead.

Britain's penicillin-in-a-hurry factory at Nottingham, England, has closed down because it is no longer economical to produce.

A bronze plaque in memory of Franklin D. Roosevelt was dedicated at McGregor Bay on the north shore of Lake Huron, where the late President visited in 1943.

R. T. Hon. Malcolm MacDonald, former British High Commissioner to Canada, has been installed as Governor-General of the Malayan Union and Singapore.

A touring Canadian fishing vessel, Arvaco II, arrived recently at Callao to teach Peruvian fishermen the latest fishing methods, including use of radar in the location of fish shoals.

India's food rationing system, which keeps millions above starvation level, will break down in August if supplies from abroad fail to arrive in time, Food Secretary Sir Robert Hitchings said.

As an indication of the French people's intention to maintain a free press, the government has not refused the granting of any licence to start a newspaper, despite the newsprint shortage.

Holland's weekly bread ration has been reduced from 2,400 grams (four pounds eight ounces) to 2,200 grams (four pounds two ounces), the Dutch Ministry of Agriculture, Fisheries and Food announced.

About Diamonds

Many Of The World's Diamonds Come From Sand In Gravel

The stone which has become most closely associated with the month of June is not its birthstone but the diamond, which is a popular stone in engagement rings. Many wedding rings also are now set with these lovely gems. Of the origin of this mineral, Dr. E. S. Moore of the Royal Ontario Museum tells us: "Diamonds almost always occur in dark colored basic rocks. In South Africa they originate in pipe-like bodies of kimberlite. These pipes are shaped much like huge carrots and the diamonds are sparsely scattered through the kimberlite, which consists mainly of serpentine but in places contains as many as twenty or more minerals. The rock is crushed to almost an unbelievable degree. In one mine 50,000 tons of rock has been concentrated to about one cubic foot and this contains practically all the diamonds from this great quantity of rock.

Many of the world's diamonds come from placers formed by the weathering down of kimberlite and the settling of the diamonds free to be washed down streams and deposited in sand and gravel in the stream bed or in the ocean beaches."

THE WINNING OF THE WEST

There came but half a century ago, From ports like Glasgow, Rotterdam, and Brest, A motley throng of people, high and low, Lured by the legend of the Golden West.

On to the prairies lone they passed in streams, Staking the freeholds which to them seemed best.

Whereon to build the homesteads of their dreams, They had arrived; now would begin the test.

The weak gave up; too great the solitude; Their vision's bubble pricked; too hard the toil; The stout of heart all obstacles withstood, And cut their furrows in an alien soil.

That magic soil which, being only scratched As at the touch of an enchanter's wand, Produced a sea of shining grain unmatched, And poured its wealth into the farmer's hand.

The faith and courage of these pioneers Has long been vindicated by the pen. Now Western Canada no longer fears The jibes and calumnies of lesser men.

—T. A. Bowman

NEED COMMON SENSE

Good motor cars and good roads have added much to the sum total of human happiness. Used properly they form one of the greatest benefits of the age. Abused, they become a source of serious danger. It is the only common sense to do our utmost to secure safety on the highways.

FARMER ACTED QUICKLY

A farmer, chased by a deadly five-foot cobra in the long grass in the Orange Free State, ran to a fence from which he pulled a snake and killed the reptile just as it struck.

FACTORY OF CRIME

Children Of Bad Homes Help Feed The Slums Of Delinquency

There are few businesses in Canada that have increased as steadily through the years as the business of crime. The factory for crime is working day and night, especially at night, for there are no strikes or lockouts or holidays, but just going on, steadily developing the greatest crime of this country, the making of criminals, and we all have to take a share in the blame.

The factories are to be found in many places. Bad homes show a fine crop of law-breakers. Homes that are immoral rather than immoral, parents who are careless and Godless; well, the child in that home hasn't an equal chance against the child that has been brought up in a fine decent home, with the priceless opportunity of being morally clean.

The child who has been raised in a slum home, under bad housing conditions and in miserable surroundings, often undernourished, not only in body but in mind—there is no question that this child has been robbed by the community of its rightful chance, and slums will continue to breed delinquents as long as the community sits back and placidly allows such homes to exist. All Canadian children are not sheltered like the Dionne quintuplets, which is just as well.

Our churches and school authorities should be aroused to the problem of delinquent youth, and grapple with the problems of the child who has to listen to the ravings of a drunken father or the indecent speech of a loose mother, to see that the fear bred in the child's mind is eradicated, and that the citizen of tomorrow is protected and moulded by better influences. There is a rich field to cultivate in the changing of the slum mind and slum home. We hoe out the weeds in our gardens or fields, but the helping of the evil surrounded child or youth—well "let George do it." The few reformers are altogether too few, so crime grows apace.

Every Crime Commission Report has agreed that most of our confirmed criminals began the careers of crime at an early age, and that the real key to crime prevention and the decrease in the number of our adult criminals lies in the prevention of juvenile delinquency.

Very little has been done on crime prevention in comparison to the costs of building "Bigger and Better Prisons and Detention Homes." If a community insisted on building more hospitals for typhoid patients, and at the same time, refused to remedy the impure water supply, they would be the laughing stock of their neighbours, but—we go on making criminals.

A man is fined so much, or such a fine in prison if he cannot pay. He pays the fine. He has no prison experience. Another man is also fined and goes to prison, because he is broke, and we wonder why the number of men who are in for more serious offences, and he comes out from a College of Crime with a criminal record.

Four years ago two men were sentenced to two years all but a day and \$500 fine or a further two years. One was released after 18 months, for he was able to pay his fine; the other was released just before his four years expired. He hadn't \$5, much less \$500.

In so many cases the poor man is imprisoned for the same offence as the man of means, but the man with money is not sent to prison. Why not let the judge take a man's note and let him get to work to pay the fine the way they have done in England, instead of giving him a criminal prison record? In one year over 16,000 were imprisoned in Canada because they could not pay the fine imposed.

Think deeply for just one minute on the after-effect of being in prison, knowing one was there for lack of money, knowing the other fellow was free because he had some, or had a friend who paid his fine for him. One thing it would engender is a better social spirit, rather than an anti-social one, if the offender were allowed to pay the fine gradually.

Poles To Britain

Would Prefer To Stay In Britain Than Return To Poland

The 110,000 Poles who have been serving in Italy are to be demobilized in Britain, where they will establish themselves rather than return to Poland.

That is a big increment of foreign-born for an island whose people are notably homogeneous. Such an infusion may make changes in the ways and outlook of the place, just as large groups of newcomers put their imprint upon the United States.

—Detroit Free Press.

WILL COST MILLIONS

It will cost about \$104,000,000 to make good the war damage on Malta—most-bombed part of the British Empire—according to Sir Wilfrid Woods in a report on his economic and financial survey of the island. Reconstruction of the island—awarded the George Cross by the King in 1942—will cost an additional \$66,000,000.

There are more than 65 biblical proper names in Shakespeare's first folio edition.

Mystery Baby and Red Cross Attendant

WILL ADOPT MYSTERY BABY—Photo shows Michael Knight, 12-months-old mystery baby, whom a woman in Windsor, Ont., says she is going to adopt. The baby was brought to Toronto by Mrs. F. R. Griffin, a Red Cross worker from Montreal. Mrs. Griffin said that when the baby's train arrived in Montreal, a British war bride approached her with the baby and asked her if she would see that young Michael was brought safely to Toronto and then to Windsor. The new bride was to meet her own husband in Montreal. According to Red Cross officials, just before the Queen Mary left Southampton, Michael's mother passed her baby over to another war bride and stated that as she was going to fly across the ocean, would the other bride take care of him until Montreal was reached, when she would meet them at the station. That was the last seen or heard of her. The Windsor woman told reporters the baby's father was still overseas. Apart from admitting that she was going to adopt the babe, that is all of the story she would reveal.

Predicts Greater Speed

U.S. Senators Discuss Space Ships And Faster Guided Missiles

Guided missiles travelling 100,000 miles an hour and space ships high above the atmosphere were foreseen by senators during a reorganization of American air planning efforts. An aircraft sub-committee of the senate defense investigating committee, in a 39-page report to the senate, included these two glimpses into the future:

1. A forecast by "reputable aviation experts" that guided missiles, similar to the Y-2 rocket used by the Germans, may attain "speeds up to 100,000 miles per hour."

2. Plans by the army air forces for development eventually of "light and survival equipment for use above the atmosphere, including space vehicles, space bases, and special devices for use thereon."

The sub-committee found German aeronautical scientists were far ahead of the Allies at the start of the war, and continued that leadership in the fields of jet-propelled planes and guided missiles to the end of the war. Calling for an outlay of "several hundred million dollars" for scientific aeronautical research in the immediate future, the senate group said this is necessary to maintain wartime air supremacy.

GIFT FROM GOLD COAST

Many bombed-out families in Britain are to receive new furniture as gifts from members of the timber industry in the Gold Coast. The furniture, which was made by African craftsmen from famous Gold Coast timbers, is now being assembled in Britain for distribution.

There are about 3,000 species of mosquitoes.

Telephone System

Set Up In B.C. During Wartime Will Be Placed At Service Of The Public

The vast land-line communication system set up in the rugged coastal areas of British Columbia during wartime for the use of Canada's armed forces soon will be placed at the service of the public, a statement by War Assets Corporation revealed.

Sale of the system—stretching over 2,336 miles and involving a network of 16,266 miles of wire—is under negotiation by the corporation, which announced completion of negotiations for turning over a part of the system to the British Columbia Telephone Company.

Built between 1942 and 1944, the system embraces an area comprised of the mainland of British Columbia from the United States to Prince Rupert and extending eastward to Hope and Prince George. It also covers the east coast and part of the west coast of Vancouver Island and connects with Queen Charlotte Island by radio link.

Outbreak of the Pacific War initiated the project when it became suddenly apparent that communication facilities between Vancouver Island and northwestern B.C. and the outside world were inadequate for national defence.

General engineering work and supervision of the construction of the entire system was carried out by the British Columbia Telephone Co. in co-operation with the RCAF.

In central Africa, iron disks about 10 to 12 inches in diameter were used as money during the last half of the 19th century by the Mongo tribe.

A cayman is a species of alligator.

LIFE'S LIKE THAT

REG'LAR FELLERS—Battery For Today

OUT OF JOINT

Wealthy Country Like Canada Not Making Best Of Opportunities

Savings on deposit in Canada's chartered banks at the end of April totalled \$3,237,508,000 — more than \$500,000,000 more than at the same time last year. Add to this the billions which our people hold in victory bonds, in life insurance, in other securities, and we get some idea of Canada's prosperity.

What a pity, then, that we can't avoid the industrial strife, the strikes and threats of strikes, which are preventing us from making the most of our opportunities! Here we are, a mere twelve million people, with a rich continent at our disposal. Our mines, our forests, our fields, our waters—all are teeming with wealth. We have more productive plant, more productive skill, more scientific and technical knowledge than we ever possessed before. Yet, for some reason not creditable to us, we seem incapable of seizing our advantages; fall to scuffling in the dark over grievances which are too often exaggerated, often irrelevant, and sometimes imaginary or wrong.

We are a cozy-corner of the world; so well off and so prosperous that our position must be beyond the wildest hopes and dreams of countless suffering millions all over the earth. Yet we don't seem to realize how fortunate we are. All the world is asking for things we could send them. All the future before us is of promise. Have we not got the wit, the wisdom, to grasp our opportunity—to live up to the responsibility which fate has given us?

In some ways, it can be said truly, we are the most pitiful people on earth.—Ottawa Journal.

Synthetic Wools

How Well They Compete With The Genuine Article

Science has not been able to duplicate all the good characteristics of wool in any one synthetic fibre. Some of these fibres feel like wool; others look like wool; while others do not resemble wool in character or use. Nevertheless, the wool grower must now compete with these new synthetic fibres, as well as the older fibres such as cotton and linen, in a restricted civilian market. If Canadian wool is to continue to hold its share of the market, the quality of the finished product must be the best possible.

700 ANIMALS RELEASED

Worried keepers at Wuppertal zoo, Germany, unable to provide food for the animals, opened their cages and allowed them to find their own meals. The British news service in Germany reported. Llamas, ponies, antelopes and zebras meandered through the town grazing in green pastures.

The population of the earth increases approximately 20,000,000 annually.

THIS CURIOUS WORLD

By William Ferguson

Breaking Old Custom

**Wives of Indian Soldiers Now Meet
On Common Ground**

BAREILLY, India.—Breaking the age-old custom of strict "purdah", wives of Indian soldiers living at the Jat regimental centre are becoming club-minded. To meet their growing social needs a Women's Institute has been set up here and wives of sepoy, non-commissioned officers and Viceroy's commissioned officers now meet on common ground to spend their leisure hours.

While the mothers are busy in the institute their children play in a spacious playground, infants being looked after in a nearby creche. The institute provides instructions in sewing, darning and needlework. In a small primary school reading, writing and religious subjects are taught. Grown-up daughters join their mothers here. Soldiers' families are cared for in a four-bed nursing home. There is also a child welfare centre under an Indian woman doctor.

Results Were Good

**Doctors In United Kingdom Use
Penicillin To Treat Mastoid**

The successful use of penicillin by the United Kingdom doctors in the treatment of mastoid is reported in the London press. Application during the early stages of the illness is stated to have very good results, eliminating a difficult and dangerous operation which was formerly the only remedy. Penicillin is given for mastoid in normal injection into the bloodstream. Recently a nine-month-old baby was cured with 66 penicillin injections. She was treated for only three weeks. Dressings of the wound after the operation formerly lasted from six to nine months. Mastoid is an infection of the bone behind the ear which contains many cells. The bone is very close to the brain.

A DAIRING MAN

The Kingston Whig-Standard says Dr. Wilton Kragman, professor of anatomy and physical anthropology at the University of Chicago, announced recently that "Miss Average America" looks "more like a haystack than a beauty queen, and is fat, flat-chested, knock-kneed and waddles when she walks." The report of Dr. Kragman's announcement did not say what country he was leaving for immediately.

OUR COMPLETE SHORT STORY—

DAFFODILS FOR ISABELLE

By MARCUS VAN STEEN

Copyright
Wheeler Newspaper Syndicate

THE thing that lay in the next room had once been his wife. A thousand generations had blended to make her what she had been. A momentary lifting and falling of his arm, a blow with the gardener's mallet, had turned her into what she was now, a poor crumpled figure with head oddly distorted and hair matted in a pool of sticky dark-red blood.

Peter Watson carefully crushed his cigarette butt in the ashtray. His hand was steady, his head was clear. He forced himself to go over his plan again. Isabelle had told her friends she was going into town that evening—he had made sure of that. Green, the gardener had dutifully dug up and sodded that worn patch of lawn, and was now safely at home until the following morning. The other servants would not be back until the morning. Lola, his sister, who had driven out with him from his office crunched low in the back of the car until it was safely inside the garage, was now upstairs putting on some of Isabelle's clothes. After sunset, while there was still light enough for the neighbors to see what was going on, he would drive off in Isabelle's little coupe while he, after bidding public goodbye to his deeply-loved "wife" would drop in on Johnson next door for perhaps a rubber of bridge. Later, the body could be hidden under Green's new sods. And when the coupe Lola had carefully planted in the river was found everybody would sympathize with him on the "accident".

As soon as he cared after that, he could marry Beatrice, who had enough money to satisfy even his ambition.

A step on the stairway made him start, and his heart did a high-dive when he saw the figure walking sedately down wearing Isabelle's smart tweed coat and black town hat. It was just his sister Lola, of course. Isabelle never walked down stairs. She usually skipped, ran tomboyishly—the way she had done this evening, to meet him as soon as she had heard him come in.

She had been wearing her clothes. Isabelle had always belonged more in a garden than in a drawing room, that was why she had urged him to buy this place along the lake shore where they lived from as early in Spring as he late in the Fall as possible. His disinclination for driving so far from his home every evening had facilitated the ripening of his friendship with Beatrice, the youngish widow of a mine promoter, who had combined a pioneering instinct with the ability to amass a sound fortune.

"You understand what you have to do," he asked.

"Perfectly," Lola replied coolly, pulling on her gloves—Isabelle's gloves. "You have told me often enough."

"Don't go flashing any fancy driving until you are out on the highway," Peter continued. "She was always careful, especially on the driveway. Afraid to hurt a single flower of her borders. And when you get to the gate wave your hand. In the half-light and in those clothes nobody notices you are not... ah... who is she? Excuse me, the Four Towers and the golf course there are lots of places where you can run the car over the bank..."

"I know just the place you picked out for me, dear," Lola patiently interrupted.

"And for Heaven's sake destroy those clothes as soon as you get home."

She patronizingly peeked at his check. "Don't you worry, darling. I'm in this as deeply as you are; you can depend on me."

Peter kept his doubts to himself. She was his sister, as unscrupulous as himself, though less fortunate. After his marriage to Beatrice, he should be able to finance Lola for adventure in more promising fields. Here, too many people were familiar with her early career.

"I know just how you feel, she was saying, but I still think we should have something to eat while we wait."

WITHIN a few days Isabelle Watson's car was pulled out of the river and the whole tragic story was conjectured in the newspapers. Driving along the dark winding road, she had missed a turning and had plunged the bank. The victim had managed to struggle free, only to be swept out into the rapids by the powerful current. The police did not continue for long what promised to be a hopeless search for the body.

Peter was glad the advancing season gave him an excuse to close up his cottage, with all its memories of Isabelle, and move into his city apartment. Why he accepted the fact that he dare not sell or rent the cottage—that Isabelle was still imprinted in her need for the garden.

After a suitable season of reticence, he broached marriage to Beatrice. Their engagement was announced and the wedding set. He was disturbed to discover that the near prospect of Beatrice's fortune had not seemed to mean so much to him now. This uneasiness was aggravated by the news of Lola's somewhat sticky end as the result of a skiing accident.

The Saturday before his wedding there was a knock at the door. When Peter answered, he was confronted by two solemn and unprepossessing strangers.

"Peter Watson, we believe?" remarked the elder of the two politely, and entered uninvited.

"Are you aware, Mr. Watson, that there are daffodils growing in the middle of your lawn?" continued one of the strangers while the other wandered around the room.

Peter was surprised and looked it. "Did my gardener send you here just to tell me that?" he exclaimed. "I have already told him to do all he thought necessary and not to bother me."

The stranger nodded gravely. "He has already dug the daffodils up." "Those daffodils, Mr. Watson, were growing from bulbs in the pocket of the jacket your wife was wearing when you buried her."

TRAINING FOR OLYMPIC GAMES

Amateur ice skating queen of Scandinavia, Britta Rabben, 19, of Stockholm, Sweden, has arrived in the U.S. to train for the Olympic games. Here the champion smiles for the camera before starting a practice session at a Boston, Mass., rink.

Horse Won Out

**Policemen On Horseback Best Method
Of Handling Crowds**

It may seem anomalous that, at a parade glorifying the motor car, police mounted on horses kept the crowd back from blocking the route. The mounted policeman is a long way from obsolescence. In handling crowds, he and his horse have no equal. Motorcycles and automobiles have been tried, with indifferent success. It is a job in which both the officer and his mount must exercise intelligence, and no one has yet found a way to make a machine think. The horses will stay on strength for a long time yet.—Windsor Star.

Wrap-and-Tie Dress

4772
3225
12-20

By ANNE ADAMS

Calculated for coolness and for simple hot-weather sewing. Blouse of Pattern 4772 is just one piece, no side seams; just wrap and tie! Add handsome, easy dirndl skirt.

Pattern 4772 comes in sizes 12, 14, 16, 18, 20. Size 16 takes 3 yards 39-inch fabric.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and city. Enclose money order or check for \$2.00. Send no money unless you have ordered the pattern from the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

Coffee is first known to have been cultivated in Arabia about 575 A.D.

FOOD PROBLEM

**There Should Be Huge Savings If
Canadians Eat Less**

Wherever two or three are gathered together these days the conversation is apt to turn to Canada's part in solving the world's pressing food problems. Mr. and Mrs. John Doe—the whole Doe family, indeed—are eager to do their share in sending supplies to the hungry thousands in war-ravaged countries—but they are not always clear as to how they can best participate in the campaign to feed the hungry.

"Is it really true that if every family used three less slices of bread a day—just three slices—Canada would have almost 750,000 bushels of wheat to send overseas within the next three months?" asks Mr. Doe. "Yes, Mr. Doe," affirms the Dominion Government Food Information Committee. "Furthermore, you can contribute toward that vital wheat supply in other ways. If you forego that tempting piece of pie, for instance, or don't take that extra piece of cake..."

"But one piece of pie... a single slice of cake..." Mr. Doe is incredulous. True, nevertheless. Housewives will prepare less of the edibles which call for the staple foodstuffs so essential to stave off famine in other parts of the world, restaurateurs will order fewer of these delicacies for their patrons, if Canadians forego them.

Less wheat and less flour used in Canadian homes and restaurants means more wheat and more flour for shipment to countries where famine threatens. Every smallest saving of these essential products is of importance. Mr. and Mrs. John Doe have an important role to play in the campaign to conserve food in Canada, so that more food can be sent to hungry Europe and the Far East.

Not Yet Decided

**Design For The Governor-General's
Official Seal Being Considered**

Not that anybody would notice it, but the formidable array of documents needed to effect a royal assent for a dozen bills in the Senate chamber has recently landed the finish they will have in a few weeks.

Only the black-gowned clerks and stately-creed aides knew that the Governor's seal on the royal warrant had an ordinary barrister's stamp with the impression left on the document merely two blank rings.

The Governor's private seal is needed on the royal warrant used to appoint the chief justice as the acting Governor to give the royal assent to bills passed by Parliament. But Viscount Alexander is a new peer and his coat of arms has not been adopted by the College of Heralds in Britain. So he had to use the blank seal of a barrister to make formal the proceedings in the Senate chamber.

After his arms are approved they will be printed on a special seal by the royal mint and will be henceforth on all such occasions. There is no intention as yet to design the Heralds will subscribe for Lord Alexander.

The last time a makeshift seal was used was 11 years ago when Lord Tweedmouth began his term as Governor shortly after being raised to the peerage.

Geological Survey

**Two Survey Parties Are To Map
Out Northland**

Exploration of Manitoba's northland will continue this summer with the placing of two geological survey parties in the field by the department of mines and natural resources. The first parties sent out in several years, they will map the Lynn lake and Kneé lake territories, the first on a scale of one inch to the mile, the second on a scale of one inch to four miles.

The Lynn party, headed by J. D. Allen of Edmonton, graduate of Alberta and Queen's universities, will map the area which has been the scene of recent nickel-copper discoveries by Sherrett-Gordon Mines limited in the vicinity of Granville lake. It leaves Winnipeg for Lake Kussissing, from where they will fly to the Granville lake country.

The Kneé lake party left by boat for Norway house, and will complete its journey by air to Kneé lake, which lies to the north of God's lake in northeastern Manitoba. This party is led by G. D. Springer, graduate of the university of New Brunswick and Toronto—Winnipeg Free Press.

Tribute To Chief Guide

**How Girls In New Zealand Honor
Lady Baden-Powell**

A war-time tribute to the World Chief Guide, the Lady Baden-Powell, came from Oakland, New Zealand. One of the Girl Guide traditions is "Thinking Day", when Guides all over the world think of one another. It is the joint birthday of Lord and Lady Baden-Powell. The Oakland Guides wrote the World Chief Guide that for their "Thinking Day" ceremony they would think of one another on their bicycles for the hills. "And out there, before the rest of the world is awake, we think of you."

Old Faithful, a geyser in Yellowstone Park throws 250,000 gallons of steaming hot water 150 feet in the air every 70 minutes.

Canada's Standard Smoke

Canadian Actress

**Altha Orr, Who Entertained Troops
Overseas, Writes Of Her
Experiences**

Altha Orr (Mrs. A. R. Healey) the Canadian actress who has just completed three years entertaining troops in Britain and the battle areas has written the story of her experiences.

It is the only narrative on this little known form of national service written from the individual player's viewpoint and gives a racy day-to-day account of the adventures and hardships undergone. Stage and screen stars figure in the book.

"Altha was born at Oak Lake, Manitoba, and was educated at St. Hilda's College and in high school at Calgary, followed by three years at Margaret Eaton, Toronto, where she subsequently joined the staff."

Her family lived for a time at Peace River Crossing, but her widowed mother now resides in Edmonton. Owing to the latter's infirmities, Altha's two children, Yolande and Anne, have been cared for during the war by her uncle and aunt, Frank and Emma Walker of Hollyburn, West Vancouver.

"No Stars for Ensa", will be issued in England shortly.

Industry Growing

**Many Specialties May Soon Be
Obtainable In Frozen Foods**

Development of the frozen food industry heralds the greatest competitive era in the history of the food industry. Last year sales of frozen foods amounted to \$250,000,000 and volume is expected to reach three billion dollars by 1950, says Printer's Ink. Food packers, distributors and manufacturers of equipment are rapidly realizing that frozen foods and frozen food dispensing equipment must be merchandised together, with home and farm lockers sold in one part of the store, frozen foods in the other. The bulk of frozen food sales is made up by fruits, vegetables, meats, fish, poultry and eggs.

In the development of new products from now on the emphasis will be on specialties—Marketing.

Has Right Idea

**Minister In England Would Take
Glamor From Victory Parades**

"Strip the glamor of war from victory celebrations," wrote Rev. J. G. Seccold, vicar of Royston, Yorkshire, in his parish magazine.

"Instead of rides and gun carriages there should be crutches and spinal carriages," he said. "Instead of tanks there should be lorry loads of wreckage; lorries piled high with coffins."

Following these would come models for aged parents, bowed with grief, from whom the sun has gone out of life. Then the widows and fatherless children."

Animals For Zoo

**Large Shipment of Monkeys From
South America Arrives In
New York**

It appeared monkey business was back on a normal, peacetime basis when the first large shipment of animals from South America since the war reached New York. About 120 monkeys of various species were aboard the freighter Santa Leonor, along with 120 other animal passengers including box constrictors, Colombian deer, a turtle, an ocelot and 60 ant-eaters. The animals were consigned to New York firms for later distribution to 38 zoos throughout the United States.

TWO NEW MEDALS

The king has approved issue of two new medals for British servicemen of the Second Great War: a war medal for full time operational or non-operational service and an India medal for three years' non-operational service with the Indian forces, Prime Minister Attlee told the house of commons.

USE EVERY CRUMB!—We've all been hearing about the vital need for saving bread in order that our supply can help reach around the globe—and that plea for saving means every kind of bread, cake or muffin! The poem often arises of just what to do with cold muffins left over from breakfast. Here's a suggestion, and a mighty good one too! Cut the leftover muffins in half, pop them in toaster or broiler and serve them crisp and hot with a cream cheese and jelly spread. They're delicious with soups, salads, or cold meats—and what's more, you won't be wasting a crumb!

BRAN MUFFINS

2 tablespoons shortening
1/4 cup sugar
1 egg
1 cup bran
3/4 cup milk
1 cup sifted flour
1/2 teaspoon salt
2 1/2 teaspoons baking powder

Blend shortening and sugar thoroughly; add egg and beat well. Stir in bran and milk; let soak until most of moisture is taken up. Sift flour with salt and baking powder; add to first mixture and stir only until flour disappears. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400 deg. F.) 25 to 30 minutes. Yield: 8 muffins (2 1/2 inches in diameter).

Victory Bran Muffins: Omit sugar; beat shortening and egg together thoroughly.

Corn Syrup Bran Muffins: Substitute 1/4 cup corn syrup for sugar; reduce milk to 3/4 cup.

Note: When sour milk or buttermilk is used instead of sweet milk, reduce baking powder to one teaspoon and add 1/4 teaspoon soda.

Expert Cleaning

Expert cleaning can only be done by experienced workmen and modern equipment. And nothing less than expert work should be accepted by you. In expert cleaning often does more harm than good.

By our improved, modern methods, employed by skilled cleaners, every bit of dirt and grime is removed and no harm is done to the most delicate fabrics.

NOTES AND COMMENTS

RECREATIONAL FACILITIES NEEDED

Crows Nest Lake is one of the Pass' scenic attractions and a spot where an ever increasing number of citizens travel in the evenings to spend a quiet hour looking across the lake and watching the kiddies throw rocks in the water or romp along the lake edge.

There is, however a serious lack of recreational facilities for the children. There are two swings which do not even start to meet the demand of the youngsters who wait for a swing. In addition the swings are in a dilapidated condition and are held on even keel by a support which prevents them from falling.

Since all Pass' citizens meet here on common ground we put forth the suggestion that all three Pass Lions clubs, Bellevue, Blairmore, and Coleman, meet and consider the proposal to erect swing and chute facilities at the lake for the recreation of the youngsters. Should all three clubs combine the cost to each would be small.

It is too bad that the civic bodies of Coleman and Blairmore and the

Parks Department of the provincial government could not take greater interest in the possible attractions at Crows Nest Lake.

FIRE HAZARDS

How many out-buildings in town are stuffed with old clothing, rags, paper, etc., and are in serious need of a thorough cleaning out?

Such out-buildings constitute a fire hazard of the first degree and endanger the homes and business places in the vicinity. Time and again inspection following a fire has shown cause of fire to be the result of "junk" inside the building having gone on fire and caused the entire building to go up in flame. On Monday noon the debris in a main street garage was found to be a fire trap and has been described so by members of the fire fighting brigade who answered a fire alarm. To eliminate fire risk police inspection should be made of numerous out-buildings suspected of being fire hazards, especially on main street where practically all buildings are of frame construction and adjoin each other the entire length of the block.

chap who came out with us, a Robt. Wilson, I don't know if he is still in Coleman or not. Some of Dad's pals were Mr. Routhead, Dickson, Kellock, Bell (of the hotel) and the chaps who used to stand around Ouimettes corner when it was nicknamed "Fife's Corner." Dad was the trainer of the football team when it won the championship of District 18, U.M.W.A. and they went to Calgary to play the final.

"I was at school with some of the follow g: Bill Fraser (5th St.), Mel, Rouch and Jim Cousins, Blyth Davidson, Robt. Pattinson. I wonder if the W. B. Fraser Jr., is the same one that went to school with me. He had two sisters and a brother Jim and his Dad and Mother came from Wemyss or Methil district.

"Could you send me a copy of your local paper please.

"I am a member of the Lodge Minto No. 385 and I wish to express my gratitude to the Coleman lodge for what they did for my mother and myself when my father died in 1926. It may be a bit late, but I have never had the opportunity before to do so. Mother always had a good word for Coleman right till she died two years ago. She was a member of Lodge Minerva. Thanking you again Mr. Wilson and all at the Coleman lodge.

ROBERT HAXTON."

A MESSAGE FROM THE MINISTER OF AGRICULTURE

The Western Canada Ukrainian Folk Festival will be conducted by a well qualified musician, Mr. John Moscow, a member of the famed Toronto Symphony Orchestra.

Their Excellencies, the Governor-General of Canada, Field Marshal, the Rt. Hon. Vincent Alexander, and Lady Alexander have graciously consented to head the list of patrons, which includes many prominent figures in Canada's social and cultural life.

Former Coleman Youth Writes From England

Robert Haxton Makes Enquiries Regarding Conditions in Coleman; Father Died Here.

Adam Wilson is in receipt of a letter from a former Coleman youth, Robert Haxton, who resides at the present time at Rugby, Eng., who makes enquiry regarding conditions in Coleman.

Mr. Haxton may still be remembered by citizens who resided here from 1922 to 25.

The Journal reprints extracts from the letter as it mentions names and brings back memories: "Well Mr. Wilson, I had better give you a brief outline of myself. I was born at Lochgelly, Fifeshire, Scotland, and went with Dad to Coleman in 1922. I had to come home again in '26, as Dad died. As a matter of fact he was employed at the mine under a Mr. Cosgrove. The superintendent then was a Mr. Davies and a Mr. Scott was chief mechanic, you may remember them. The person Dad came out to was "Big Bill" Smith, who also worked at the mine. There was also another

NATIONAL CLOTHING COLLECTION

For Overseas Relief—JUNE 17 to 29

THE NEED FOR
YOUR
SPARE
CLOTHING
IS
DESPERATE!

European children who have survived the horror of invasion and the squalor of life under enemy occupation are clad in rags. These pathetic victims of War's aftermath are in desperate need of clothing. To relieve their misery an urgent appeal is made to every Canadian family to ransack their attics, wardrobes, and trunks and contribute every serviceable garment that they can spare to the National Clothing Collection.

Presentation

(Continued from Page 1)
students that all holders of certificates had to be re-examined every five years in order to keep their certificates valid. Failure to do so made the certificate invalid.

J. Kilgannon advocated junior First Aid teams and suggested that First Aid be taught in the schools. A. McCulloch, in reply, stated that the Association had a junior cup and five good prizes for juniors should juniors interest themselves in First Aid. President Ernie Hill stated he would guarantee a junior competition in 1947.

Mine manager Wm. Fraser was called upon by the chairman to present the awards. In his remarks, Mr. Fraser stated that it had been a keen disappointment to both himself and mines inspector Brown recently when examinations for miners' certificates had been held at International. Very few of the men seeking these certificates possessed knowledge of First Aid. He stated he would do his utmost to prevail upon his employees the value and importance of having some knowledge of First Aid in case of accident.

Awards were presented to the following:

CERTIFICATES: S. B. Ryan, John Sikora jr, Steve Vasek, P. Youshuk, E. Montalbetti.

S. B. Ryan won the George Kellock Shield for one year with a point score of 119 out of 120.

VOUCHERS: J. Badzioch, J. Biegun, F. Henriet, J. Ziajka, R. J. Kwasnie, A. Ferrara, F. Kryczka, A. Kubica.

LABELS: J. Marconi, G. Clark, J. Goulding, N. Frandsen, A. McCulloch, H. Parkinson, W. Mosele, E. Hill, R. M. Greenhalgh, N. Kubica, H. Turner, J. M. Rushton. LADIES CERTIFICATES: Isabel Ewing, Rose Kosma, A. MacQuarrie, Della MacQuarrie, Joanne Handzel.

Dr. Hope Gill in a brief address stated he was surprised and pleased to see such a grand turn-out of members at the banquet. The First Aider, he stated as the most important man at an accident. A doctor, he remarked, is never present when an accident occurs and it is then the First Aider shows his skill and ability to possibly save a life until the arrival of a doctor. He couldn't stress the importance of First Aid training too highly as it could in certain instances save life.

Card Of Thanks

We wish to thank all those who visited, sent flowers, cards and letters to Mr. Ephraim Hill during his stay in the Holy Cross hospital and Coleman Hospital. We also wish to thank Dr. Hope Gill, nurses Bozek, Lemachuk and Sherbuck, and especially Mrs. Woods and Harry Harris.

Wavrecan and family; Mr. and Mrs. J. Wavrecan and family; Mr. and Mrs. M. Ziajka and family. Mr. and Mrs. Rudolph Dutka and family.

ANNOUNCEMENT

Realizing that the future of drama and drama festivals in Coleman rests on a better knowledge of the technique of the stage and a wider participation by the many whose talents lie in that direction, the Coleman Lions club has undertaken the sponsorship of a community dramatic club.

Within this organization it is hoped to provide means for many to take part who are interested in dramatic work but who have not had an opportunity to take part. Shortly a public meeting will be called to effect the organization of such a club and anyone who is interested in any aspect of the theatre, acting, directing, lighting, settings, will be invited to attend.

SPECIAL REDUCED FARES FOR DOMINION DAY

Special reduced fares for Dominion Day are announced by B. F. Dixon, agent, Canadian Pacific Railway, Coleman. The low fares

will be available from 12 noon (standard time) Friday, June 28, to 2 p.m. (standard time) Monday, July 1, and will be good to return leaving destination up to midnight of Tuesday, July 2.

On branch lines where there is no train service after 12 noon on June 28, tickets will be sold for morning trains on that date. Similarly the return limit will be extended to make it "good on first available train" in cases where there is no train service on July 2.

The low rate of single fare and one-quarter for the round trip will be good between all stations in Canada and in all classes of accommodation.

PASS BUTCHERS HELD

On Tuesday, June 18, Pass butchers met in the Union hall, Blairmore, to discuss the hours of work. It is proposed to close all butcher shops on Wednesdays and work until 6 p.m. on Saturdays. Another meeting is scheduled for next Wednesday.

Accidental Death Verdict Of Coroner's Jury

Inquest Held Saturday Night
Into Death of John Dutka; Un-
fortunate Accident.

A coroner's jury on Saturday night enquired into the death of John Dutka, 50, fatally injured at McGillivray Creek on June 10, passing away at the local hospital on June 15.

Personnel of the jury under coroner Don MacPherson included Henry Thierghien, John Seaman, Adam Wilson, Sam Patterson, (foreman), Charles Gilmar and John Galvin.

Immediately after swearing in the jury Coroner MacPherson adjourned the proceedings to allow the jury to view the body.

Dr. E. J. Liesemer identified the body as that of John Dutka. He gave evidence of deceased having been brought to hospital June 10 suffering from acute abdominal injuries. Among other injuries was a ruptured bowel which had caused peritonitis which had caused death. Archie Beveridge, nightshift fireboss, told of having examined the place of accident at 5:20 that morning and had found it in good condition.

Wm. Hopkins, fireboss, had inspected the place shortly before 10 a.m. and also found it in good condition. The coal had been mined by air picks.

Wm. Clark, partner, told of Dutka working in the crosstuck. The two men had just finished lunch. Dutka had been "trying to get this rock down—it was a small one." Shortly after Dutka had called to him and upon approaching him Dutka had said he was hurt as the rock had fallen upon him. He immediately called fireboss Hopkins who was in the adjoining room. He estimated the rock weighed 60 to 80 pounds. He described Dutka as a safe miner who at that particular time had been mining this particular rock half on his side and half on his back. He stated that Dutka appeared in considerable pain.

A. E. Graham, mine surveyor, submitted prints of the scene of the accident and explained various points to the jury.

Mr. Hopkins was called to the stand a second time. He described the coal face and the roof condition. He estimated the rock which resulted in Dutka's death to be well under 100 pounds and estimated that it fell only a distance of two feet. The injured man did not appear to be in great pain. Dutka had not wanted to wait for the stretcher and had started to the surface on foot assisted by two other miners. The stretcher bearers finally caught up and the injured man was carried out.

The jury's verdict was "Accidental death with no blame attached to anyone."

High School Students Held Annual Prom.

The outstanding event of the social season took place on Monday, June 17, when the Coleman high school students held their annual Prom. A banquet was held in the IOOF hall where one hundred and fifty students and teachers enjoyed an excellent supper served by Mrs. Vincent, Mrs. Root, Mrs. Kostelnik, Mrs. George and Mrs. Hulbert. Mr. Hoyle, the principal, congratulated the executive on their year's activities and advised the graduates to give and seek friendliness in their future undertakings. The students showed their appreciation to the hostesses by presenting each of them with a small gift. The president, Elidio Mascherin, was called upon to say a few words in which he expressed his sincere gratitude to the students for their co-operation in the year's activities. The group then proceeded to the gaily decorated auditorium where a short program was enjoyed. Pictures were taken of the graduates. All enjoyed dancing to the music of Frank Edl's orchestra. The evening closed with the singing of Alma Mater.

WEDDINGS

SCHMIDT-McINTYRE

Holy Ghost church, Coleman, was the scene of a very beautiful wedding on Saturday, June 15, when Mary Catherine, eldest daughter of Mr. and Mrs. J. J. McIntyre, of Coleman, was united in holy matrimony to Raymond Gerald Schmidt, second son of Mr. and Mrs. E. Schmidt sr., of Twin Butte. Rev. Father Sullivan performed the marriage ceremonies.

The bride entered the church on the arm of her father to the strains of Mendelssohn's Wedding March, played by Mrs. Maurer, and proceeded to an altar banked with mixed flowers. She looked very charming in a gown of white satin with sweetheart neckline, fitted bodice, and long pointed sleeves. Her floor-length veil was held in place by a white net tiara. She carried a bouquet of pink roses.

The bride's sister, Winnifred McIntyre, was bridesmaid. She chose a pink sheer gown with embroidered yoke and waistband and chapel veil and tiara en tete. Her bouquet was of pink and rose carnations.

Sharon McDonald acted as flower girl and looked lovely in a floor-length gown of green organdie. She carried a nosegay of white and mauve sweet peas.

The groom was supported by his brother, Mr. Leo Schmidt, of Waterton Lakes.

The bride's mother wore a deep rose gown with navy accessories and a corsage of pink carnations. The groom's mother chose a black gown trimmed with pink and black accessories and also wore a corsage of pink carnations.

Joseph and Gerald McIntyre brothers of the bride, acted as ushers.

The marriage ceremony was followed by the Mass, during which the bridal party received Holy Communion. Miss Margaret McLellan sang "On This Day, O Beautiful Mother," and I Need Thee, Precious Jesus."

The happy couple proceeded to the home of the bride's parents where a table was set for breakfast for the two immediate families.

The bride's table was centred with a three tier wedding cake topped by a miniature bride and groom. On either side were tall pink tapers. The room was tastefully decorated with bouquets of peonies, carnations, poppies and sweet rocket. Father Sullivan proposed the toast to the bride and groom and the couple ably responded. Appropriate remarks were made by the parents of both the bride and groom.

Following the breakfast a reception was held for the friends of the bridal party and their parents. During the afternoon tea was poured by Mrs. Barlass and Mrs. Utley of Bellevue, Mrs. Lamey and Mrs. Fleming of Blairmore and Mrs. T. B. Smith of Coleman. Serviteurs were Misses Winnifred Dunlop, Helen Dibblee, Mary Graham and Betty Hillary. Many friends from Bellevue, Blairmore and Coleman called throughout the afternoon. Mr. Moore and his pipe band called during the afternoon and played several selections on the lawn.

The happy couple left about 8 o'clock to spend a honeymoon at Calgary and Banff. For going away the bride chose a light grey wool suit with pin stripes, a light green coat and hat with black accessories and a corsage of pink roses. With her suit the bride wore pearls, the gift of the groom.

The groom gave his bride a string of pearls and to the groomsmen a pen and pencil set. The bride gave the groom a gold signet ring and to the bridesmaid and flower-girls gold lockets.

Out of town guests included Mr. and Mrs. E. Schmidt sr., parents of the groom, Mrs. N. Delatash, of Waterton Lakes, Mr. and Mrs. Eddy Schmidt, Mr. and Mrs. John Bonertz and Mr. and Mrs. Emery Bonertz, all of Twin Butte, Mr. and Mrs. John Milne of Pincher Creek, Miss Blanche McIntyre, of Calgary, and Staff Sergeant Gerald McIntyre, of Lethbridge.

On their return, Mr. and Mrs. Schmidt plan to reside on the farm of the groom, south of Pincher Creek.

The large number of gifts received by the bridal couple showed the high esteem in which they were held by their many friends.

SAMBELL-EMMERSON

The chancel of Trinity United church, Vancouver, was fragrant with roses and syringa for the wedding of Mr. Leonard Sambell and Miss Pat. Emerson, youngest daughter of Mr. and Mrs. J. Em-

erson in the evening of June 12.

The bride, wearing the traditional bridal white, was given in marriage by her father. She wore a double string of pearls, the gift of the groom. Mrs. Joyce Harding, sister of the bride, was her only attendant and wore a floor-length dress in shades of pink, with matching head-dress of veil and wreath. Both the bride and her attendant carried roses.

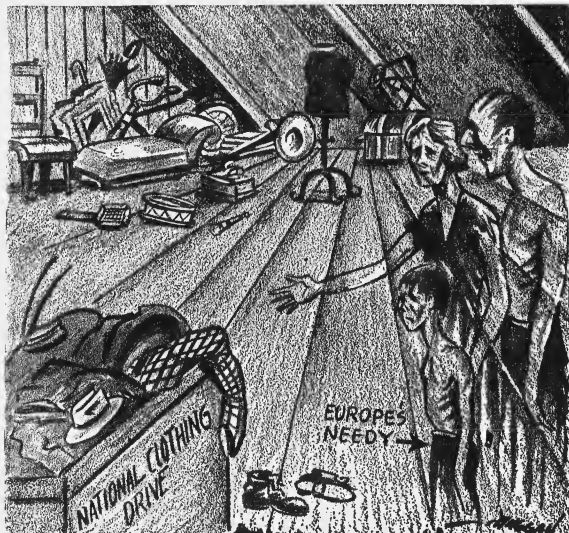

The bridegroom was assisted by Mr. Max Keith, brother-in-law of the bride. Several former Coleman people were present, including Mrs. Isaac Dickson, in whose Sunday school class and mission band the bride had been a member.

The service was read by the Rev. H. J. Bevan, minister of the church, who also proposed the toast to the health of the bride at the dinner following the ceremony. The honeymoon is being spent in Victoria. Mr. and Mrs. Sambell intend making their home in Vancouver.

Q. How does the blood of the tuberculous, differ from that of the well?

A. The tuberculous person may show some anemia or lessening of the number of red blood cells or in the amount of blood pigment. There may be an increase in the number and proportion of some of the white blood cells. Other changes may occur in the physical properties, such as rapid fall of the red cells on standing. All of these changes and others may occur, but they are not necessarily present.

LOCAL NEWS

Mrs. A. Fry is a patient in the local hospital.

BORN: To Mr. and Mrs. William Field on Sunday, June 16, a daughter.

Mr. and Mrs. Wm. Ford are spending a vacation at Creston and district.

Mr. and Mrs. Arthur Jones left on Sunday morning for a month's vacation at the coast.

Mr. Jack Jones, has returned home following several months residence at Edmonton.

Miss Thelma Vincent, of Calgary, spent the week end the guest of her parents, Mr. and Mrs. Wes Vincent.

Mr. and Mrs. Fred Beddington, of Lethbridge, were in town on Friday visiting relatives.

Miss Winnifred Dunlop, of the International office staff, is at present on two weeks vacation.

Miss Rosie Nimcan, of Lethbridge, was the week-end guest of her father, Mr. John Nimcan.

Mr. and Mrs. Harry Gardner, of Blairmore, recently returned from a vacation spent at the west coast.

Mrs. Roy Beddington and young son, of Lethbridge, are the guests of the former's parents, Mr. and Mrs. H. Hulbert.

Mr. and Mrs. James Lowe, accompanied by their daughters Agnes and Annie, motored to Lethbridge at the week end.

Mr. and Mrs. George Evans and son, accompanied by Miss Gladys Lees, spent Sunday at Lethbridge where they visited friends.

Mrs. R. Loiselle and daughter have left for their Vancouver Island home after spending a vacation with the former's parents, Mr. and Mrs. M. W. Cooke.

Jack McIntyre, who has spent the past term as student at St. Francis Xavier University, Nova Scotia, returned home last week to spend the summer recess here.

Coleman Motors this week have sold two Mercury 118 sedans. One was purchased by Peter and Fred Truck, of East Coleman, and the other by Mr. I. Irving, of Michel.

The Journal acknowledges with thanks renewal subscriptions received during the past week from Mr. Art. Fraser, of Coal Valley, and Mrs. Fraser McLeod, of Calgary.

Mr. Fred Lloyd arrived in Coleman from England two weeks ago to join his wife, nee Lillian Martland, and his young daughter. He has secured employment at International.

Mr. and Mrs. Neil McKinnon returned home on Saturday from a vacation that saw them visit Alberta and British Columbia points. While in BC they were the guests of Mr. and Mrs. Dan McKinnon, of Kimberley.

The Ladies Auxiliary, BESL, held a very successful tea and sale on Saturday, June 15, in the IOOF hall. The lovely fruit cake was won by Mrs. M. Cornett. The tea cloth was won by Mrs. Amy Wright (of Bellevue) and the tea prize by Mrs. Jean Cartwright (of Blairmore). The ladies take this opportunity of thanking everyone who attended and who helped make the sale the success it was.

Dr. and Mrs. Keith McLean and the latter's mother, Mrs. Burgess, passed through Coleman on Sunday afternoon enroute to their home at Vancouver after attending the medical convention held at Banff. They were passing Crows Nest Lake when Dr. McLean spied Maurice Cooke fishing alongside the lake shore. He stopped and the two men chatted for several minutes. "Doc" through Mauric, sends along his best wishes to Coleman friends.

Frank Aboussafy Lion President 1946-47

New Slate of Club Officers
Elected; to Petition Government for Improvement of No. 3 Highway.

A new slate of officers to govern the Coleman Lions Club during 1946-47 was submitted to president S. C. Short on Monday evening at the regular supper meeting and was unanimously adopted.

Frank Aboussafy succeeds S. C. Short as president. His officers are as follows:

1st vice-president, Herb Hewitt; 2nd vice-president, Harry Weltnes; 2-year directors, Frank Hastie and Allan Cameron; 1-year directors, Chris Rogers and Maurice Cooke; secretary-treasurer, Ivor Morgan; tail twister, John Van Maaron; lion tamer, Norman MacAulay.

The condition of No. 3 highway was the subject of debate and it was agreed that the club would throw its weight in behind the Southern Trans-Canada Highway Association and draft a letter petitioning the provincial government to start improvements to the highway between Pincher Station and the provincial boundary at Crows' Nest some time this summer. The club will suggest that parts of the road be resurfaced while the per-

manent stretches of the road be hardsurfaced this summer if at all possible.

It has also been suggested to the club that it try to combine with the other two Pass Lions clubs towards the erecting of recreational facilities at Crows' Nest Lake for the youngsters. The suggestion will be put forward to the Blairmore and Bellevue clubs.

-and some of it may come your way!

Yesterday Farmer Neilson got over \$800 cash when he sold his grain. Through the processes of trade and commerce, some of that money may come to you. Banking service enabled him to obtain his money quickly.

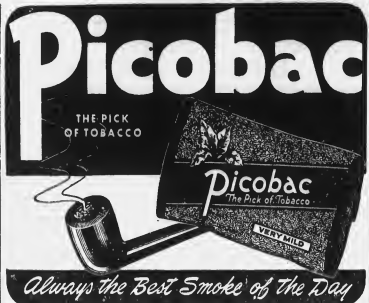

The farmer doesn't have to wait for his money until his grain reaches the consumer... this is important to you, no matter where you live or what your work.

Farmer Neilson, and thousands like him, spend money for household and farm equipment, food, clothes, radios, paint and a hundred other things. This helps keep people busy all over the Dominion.

Your bank advances credit also to help farmers plant, cultivate and harvest crops of all kinds, to buy and raise livestock. Banking service is something like the good oil in fine machinery, you never notice it. But it is a prime factor in your prosperity... in the Canadian way of life.

A Challenge For The Future

THE MONTHS WHICH HAVE FOLLOWED the end of the war have been quite different to what it was hoped they might be. The world had looked forward to peace as a time when life would settle again into normal channels, but events which have taken place during the past year cannot be considered to be encouraging. Widespread famine, serious strikes and continued disagreement and misunderstanding among nations who a short time ago were firmly united in a common cause have marked the past months, and conditions today have little resemblance to the post-war world which was so eagerly awaited. This turn which events have taken has led many people to become cynical and pessimistic in regard to the future and there is indeed ample cause for such an attitude at this time.

Maintain Faith In The Future

Nevertheless, there is danger in such a trend of thought and people should, instead of losing hope, maintain faith in the future and do all that they can to support those forces which are working for a better world. In spite of the fact that so many matters of importance appear to the average citizen to have been poorly managed, there are sincere people in high positions in every land who are doing their utmost to deal wisely with the overwhelming problems of these times, and to preserve the peace for which we paid so dearly in life and materials. Had our attitude been hopeless and cynical we would surely have lost the war, and if we allow this viewpoint to develop now, we may well lose the peace. It was courage and determination on the part of the people of all the Allied nations which made possible the victory and it is apparent that these qualities are needed now as much, if not more, than they were during the war.

Might Help To Shape Events

It is natural that the individual citizen should feel that there is little he can do about such stupendous problems as famine, strikes, and international tension, but if all the people interested themselves sincerely in the affairs of the day, and made their opinions felt they might help, in some degree at least, to shape the course of events. In Canada it would be interesting to know what percentage of the people know the names of their representatives in Parliament and in the Provincial Legislatures. In rural communities the percentage might be fairly high, but there would undoubtedly be many in all parts of the country who know little about their representatives and have little interest in them. Yet if they wished to do so, the people could make known through these representatives, their opinions in regard to the food crisis, labor trouble and other problems which affect the public welfare. Many legislators have stated that they welcome expressions of opinion from the people they represent, and a strongly presented viewpoint on any question would without doubt influence the policy of the country. Instead of giving in to feelings of cynicism and pessimism regarding the future, the people should take up the challenge to work through every possible means to build the kind of a world for which the war was fought and won.

KILL DANDELIONS

and other Weeds in Lawns

WEED-NO-MORE

THE 2-4-3 WEED KILLER

One spraying will kill dandelions, plantains, ragweeds, bindweed, poison ivy and other broad-leaved weeds, destroying them right to the tip of the root but will not harm grass. Non-poisonous to humans or animals and will not stain hands or clothing.

A "GREEN CROSS" PRODUCT AT YOUR DEALER

Gold Smugglers

A Campaign To End Their Activities In Cuba

High officials said the Mexican Embassy had asked the co-operation of the Cuban government in a campaign to put an end to the activities of gold smugglers who have been using Havana as a base of operation. Customs officers were reported to have seized \$1,712,250 in gold between June 6, 1945 and last Feb. 6 from travellers attempting to smuggle the precious metal into the island. Customs authorities estimated that since February smugglers, using small boats plying between Mexican and Cuban ports, had increased their illegal imports to more than \$5,000,000.

Most of the gold was believed intended for European black markets but police investigators asserted part of it was earmarked for Argentina.

U.S. WAR DEAD

The bodies of nearly 250,000 servicemen and women killed in the Second Great War will be returned to the United States for burial with military honors in their home soil, Manuel Talcott, chairman of the American Legion Grave Registration Program, announced. This will be 80 per cent. of those buried in foreign lands, he said.

The Gulf of California is in Mexico.

Price Control And Rationing Information

Q.—My husband was discharged from the services some time ago and when he applied for his ration book the other day it only contained coupons from the date on which he applied for the book. Why shouldn't he get coupons from the date of his discharge?

A.—Your husband could have called for his book immediately after his discharge and it would have contained all the coupons from that date on. Naturally it is assumed that the coupons are not needed if a person does not apply for a ration book immediately and for that reason coupons which become valid before the date of application are removed before the book is issued.

Q.—Will it be necessary for me to take my ration book when I go on holidays? I am planning on staying at a summer hotel.

A.—Any Canadians staying for two weeks or more at a summer hotel must take their ration book along. The management will remove one butter, one sugar-preserved and two meat coupons for every two-week period. American guests at Canadian summer hotels will not be asked for ration coupons, and therefore need not apply for temporary ration cards during their stay in Canada.

Q.—Is there a ceiling price on dental work?

A.—There is no ceiling price on professional services such as work done by dentists.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Price and Trade Board office in your province.

Royal Bank President

Sydney G. Dobson Succeeds The Late Morris W. Wilson

Born in the little town of Sydney, N.S., when it had a population of 1,480, Sydney G. Dobson has been elected president of the Royal Bank of Canada. He is the second member of the bank staff to work his way up from the lowest desk, that of junior clerk, to the highest executive position, and he did it in 46 years. Mr. Dobson succeeded to the chair left vacant by the unexpected death of Morris W. Wilson, who had followed the same course through successive important positions, and had been President since 1931.

Mr. Dobson and the late Morris W. Wilson began their banking careers in the Maritime Provinces within three years of each other. At various times in their early banking days their paths came together, first at Truro in 1904, where Mr. Wilson was accountant and young Dobson a ledger keeper under him. Even in that early day Mr. Wilson foresaw that the hardworking and conscientious youngster was marked for future distinction. In 1916 their paths again converged, when Mr. Dobson succeeded Mr. Wilson as manager of Vancouver branch. Mr. Dobson's appointment three years later as general inspector at head office, Montreal, again brought these two men together, and together they worked as a team until Mr. Wilson's untimely death.

The new president of the Royal Bank of Canada is not the traditional banker type. He is easy to meet, affable, keenly aware of his responsibility as head of an institution serving the general public. His approach to problems is direct and incisive, his decisions quickly made. In the affairs of the community in which he lives Mr. Dobson has always taken a keen and active part. Close to his heart is the welfare of the less fortunate and, in Montreal particularly, he has been closely identified for some years with the work of the Welfare Federation, whose campaign in 1940 he directed as chairman.

BROUGHT GOOD PRICE

The first issue of the first edition of Thomas Gray's "Elegy in a Country Churchyard"—uncut and unbound—was sold to a London dealer for £1,050 (\$4,672).

ENVIABLE POSITION

Canada Is Now Fourth Among The World's Industrial Powers

The fact that Canada, a land of 12,000,000 people, has risen to the enviable position of fourth among the industrial powers of the world has been a constant source of astonishment and amazement to the peoples of other lands.

To the people of this Dominion, however, the fact is one of which they are proud, though Canadians, too, often have to sit back and look at their nation's industrial picture from a general point of view to let the greatness of it sink in.

So Canadians can more easily understand the extent to which their own industry has progressed and to which Canada's export trade has grown, the National Film Board has produced a film in the Canada Carries On series to review the Dominion's gigantic industrial scene in concise but clearly defined terms. The film is titled, "Canada—World Trader."

In it is stressed, visually and verbally, the admirable position of this country among the other great nations. Emphasis is also laid on the important fact that wherever Canadian products are found, the importers know they have quality of the highest type. The mark, "Canada Approved," to them means the finest available.

"Canada—World Trader" does not ignore the vital fact that there are still great industrial developments waiting to be released by the healing of the world's economic ills when, as the film's commentator remarks, "The full strength of Canada's latent power can pour forth in the service of mankind, harnessed in the common tasks of peace."

Medical Care

Health Services For Indians And Eskimos To Be Increased

Plans of the Health Department for expansion of health services and medical treatment for Indians and Eskimos were outlined to the Parliamentary committee on Indian affairs by Hon. B. Claxton, Health Minister.

The Minister told the committee, now studying revision of the Indian Act, that the department's proposals aimed to:

1. Increase staffs and revise salaries, re-organize the professional staff on a service basis and increase hospital facilities and the number of nursing stations.
2. Intensify tuberculosis case findings, extend use of vaccine and extend and develop specific immunization.
3. Provide for medical examination of those entering the north and require those who may be a dangerous source of infection to accept prescribed treatment.
4. Arrange for fuller use of Government transportation facilities for the movement of medical personnel and patients and extend cooperation with all appropriate agencies working in the health field.
5. Provide increased dental care, improve first aid arrangements and increase research activity.
6. Appoint departmental nurses to residential schools and train Indian doctors and nurses.

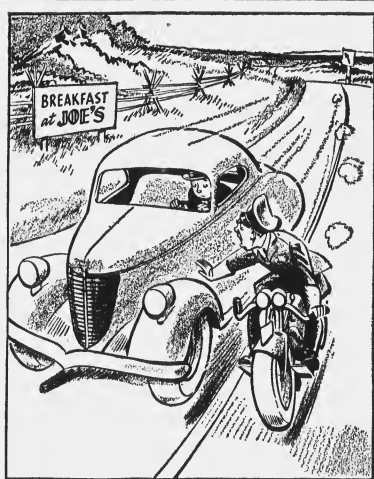

AUTHORS' ASSOCIATION

William Arthur Deacon, literary editor of the Toronto Globe and Mail, has been elected president of the Canadian Authors' Association. Mrs. Kathleen Strickland, Winnipeg, was elected vice-president for Saskatchewan and Manitoba.

Answer To Last Week's Puzzle

"Where d'y think you're goin' — to a breakfast of molty-rich, golden-brown Grape-Nuts Flakes?"

"So help me, I am, officer! And every time I think of that elegant, nut-like taste of Post's Grape-Nuts Flakes, my foot just stamps down on the accelerator!"

"Well keep going then, brother! And tag along for a bowlful myself. On this job I need those carbohydrates for energy, proteins for muscle, phosphorus for teeth and bones; iron for

the blood; and other food essentials." "Grape-Nuts Flakes are good all right! That's because they're made of two grains — wheat and malted barley. And specially blended, baked and toasted for golden-brown, delicious crispness and easy digestion." "Well polish off one of those giant economy packages."

SMILE AWHILE

First Burglar (pointing to a well-known millionaire): "How would you like to be in his shoes?" Second Burglar: "I am."

Prof.: "If you keep up your present work, you shall be like Napoleon."

Cowed: "How, professor?"

Prof.: "You shall go down in history."

"Who was that you were talking to for a while hour at the gate?" asked Mr. Simpson.

"That was Mrs. Smith; she hadn't time to come in," replied his wife.

Sergeant (on rifle range): "This new bullet will penetrate nearly two feet of solid wood, so remember to keep your heads down."

Bill: "Is it possible for a woman to keep a secret?"

Jim: "Oh, yes. My wife and I were engaged several weeks before she said anything to me about it."

"And how is your poor husband today?" asked Mrs. Hobson.

"Oh, very poorly," replied Mrs. Dobson. "He's got a terrible expensive disease. The doctor says he's got to be kept in good spirits!"

Then there was the chap who bought a parrot and tried to teach it to talk. For several minutes he repeated the words: "Hello, hello, hello!" Finally the parrot opened one eye, glared at its new master hatefully, and squawked: "Linc's busy!"

She: "Do you love me for myself alone?"

He: "Yes, and when we're married I don't want any of the family thrown in."

Wife: "Do you think the mountain air will disgorge with me?"

Hubby: "I doubt if it would dare, my dear."

John: "I think Sybil will make me an ideal wife. Every time I go there I find her darning her father's socks."

James: "That caught me, too, until I noticed that it was always the same sock."

A business man was upset because his new typist was late. Fuming, he said, as she finally came in: "You should have been here at nine!"

"Why?" she asked. "What happened?"

EVERYONE HELPED

EPFING, Essex, England.—Philip Wright, 35, tuberculous patient in hospital here, recently wrote to the London Daily Mirror asking for "a few beads" to pass the time making brooches and necklaces. He already has received 1,000,000 beads as well as money, cigarettes, candy and one offer of marriage, and replies still are coming in, the Mirror reported.

FROM WAR TO PEACE

Reconversion of industry from war to peace production will be completed by the end of this year, if government expectations are fulfilled. Within three months manufacturing industries and utility services will be employing the same number of workers as before the war. By Dec. 31 they will employ an extra 800,000.

Lacked Knowledge

War-Time Surgery In Germany Said To Be Very Poor

German surgery during the war was relatively poor, Major R. H. Magee, surgical specialist to No. 20 Canadian General Hospital Overseas, has revealed in an article published in the Canadian Medical Journal.

Major Magee, in the article, was recording results of observations of German prisoners and he pointed out German surgeons had failed to employ "the outstanding advances" known to Canadian, British and United States medicine.

"From our observations, subsequently corroborated by Netherlands surgeons, it would appear evident that the German surgeons have suffered for years from deprivation of the medical influences of the outside world."

Peace Time Air Force

Vacancies Still Exist For 10,000 Ground Crew

More than 1,500 have enlisted since the announcement of the terms of service in the peace-time Royal Canadian Air Force last April 15, but vacancies still exist for 10,000 airmen in ground trades. Hon. Colin Gibson, Air Minister said in a statement.

Between VJ-Day and last May 25, a total of 6,296 officers and airmen had been enrolled, with the majority from the ranks of serving personnel.

Col. Gibson said it was "expected that more recruits will in future be accepted from young men in civilian life, many of whom were too young to have served during the war."

GEMS OF THOUGHT

FREEDOM

The cause of Freedom is the cause of God.—Bowles.

The only liberty that is valuable, is a liberty connected with order; that not only exists with order and virtue, but which cannot exist at all without them.—Burke.

The letter of the law of God, separated from its spirit, tends to demoralize mortals, and must be corrected by a diviner sense of liberty and light.—Mary Baker Eddy.

True liberty consists in the privilege of enjoying our own rights, not in the destruction of the rights of others.—Pinckard.

He is the freeman whom the truth makes free, and all are slaves beside.—Cowper.

Easier were it to hurl the rooted mountain from its base, than force the yoke of slavery upon men determined to be free.—Southey.

WHILE WAITING

The Ottawa Journal says when the amateur gardener has his seeds in and his plants planted all he needs to do is wait for a crop—meanwhile paying diligent attention to drought, stray dogs, caterpillars, cut-worms, the neighbors' children, and the assorted diseases of the vegetable world.

NYLON LARIATS

GALLUP, N.M.—Nylon has invaded the wild west and cowboys and dudes alike are forming "nylon lines" these days in this western cattle country. Stockings don't interest them, but they're anxious to pay \$12 and up for a 30-foot nylon lariat, purportedly "strong enough to hang an elephant."

ALBERTA COAL PRODUCTION SHOULD PROVE BIG FACTOR IN COPING WITH FUEL SHORTAGE

EDMONTON—Alberta's coal-laden foothills, giving up their black gold at an unprecedented rate in the face of a critical Canadian shortage, may soon be pouring forth still more from vast resources as yet untouched.

Today, in the heat of summer more than 8,000 sweating mine workers of Canada's largest coal-producing province are boosting tonnages to new heights in 200 active mines. Plans are underway to open new shafts to tap a deposit in the Highwood area said to contain 6,000,000,000 tons and described as one of the largest undeveloped hard coal deposits in the world.

A private company has a lease of 11,000 acres over this huge deposit which surveys already have shown to contain both domestic and engine type coal with a high rating of about 14,000 British thermal units. The Alberta government has given the ahead signal by granting a rail charter and plans are underway to put a line into the property.

It is predicted that Highwood, lying 65 miles southwest of Calgary, will be producing by fall. If the prediction is fulfilled, Alberta's coal output for 1946 is expected to easily eclipse the record of 7,801,248 tons produced last year.

That figure—topping the previous record output in 1942 by more than 47,000 tons—was attained despite a shortage of miners and despite idleness of miners for a time in protest against malt rationing last fall. Even without the Highwood coal, Alberta's present mines are on the way toward new production peaks. In the first four months of this year a total of 3,166,003 tons has been produced, compared with 2,732,098 tons in the same period in 1945.

Of Alberta's record tonnage total last year, 4,600,763 were bituminous or "steam" coal and 3,200,485 tons were sub-bituminous or domestic coal. All but 1,567,540 tons were exported from the province with the railways taking 2,116,803 tons and the rest going to other provinces and the United States. Saskatchewan was Alberta's second best customer behind the railways, taking 1,212,001 tons.

The provincial department of mines estimates that Alberta has coal reserves totalling 26,562,000,000 tons in ground covering 1,974,000,000 square miles and including Highwood. Her biggest producer at present is the Crow's Nest Pass field, worked since 1907 and which even yet has reserves estimated at 5,100,000,000 tons.

The one dark cloud in the Alberta mining picture is a shortage of miners. Recently appeals were issued throughout the province for men to dig the coal Canada now needs so badly.

PALESTINE MANDATE

American Senator Wants Britain To Turn It Over To U.S.

NEW YORK—Senator Edwin C. Johnson (Dem., Conn.) called for Britain to turn over to the United States her mandate over Palestine.

"Britain has proved she is unwilling and unable to carry out her responsibility with respect to the Palestine mandate," he said in an address to the American Zionist emergency committee.

"She is pressing us to assume all of the responsibilities. We should assume also the decisions."

PAY HEAVY FINES

MONTREAL—Heavy fines totalling \$3,900 were imposed in Montreal courts on firms and individuals convicted of violating prices board regulations.

LORD LOUIS MOUNTBATTEN RECEIVES HIGH AWARD IN KING'S BIRTHDAY HONOR LIST

LONDON—The reward of a triumphant British commander—a viscounty—was conferred on Lord Louis Mountbatten in the king's birthday honors list, which also made Hon. C. D. Howe, Canada's reconstruction minister, a member of the Privy Council.

Lord Louis Mountbatten, cousin of the king who climaxed a colored navy career in the war by becoming supreme Allied commander in southeast Asia, received the highest award in the list. Contrary to predictions that the Labor government would create a great number of peers, only seven others receive that honor—being granted baronetcies.

Probably best known among the new peers are Sir William Beveridge, Liberal author of the "cradle-to-grave" security plan, and Sir Walter Crichton, now retiring after 20 years as general secretary of the British trades union congress to take a post-

REPORT ON FOOD

Pool Officials Stress Great Need For People In Europe

OTTAWA—Two officials of the Saskatchewan wheat pool arrived from England and said all-out food production is necessary in 1946 and 1947 to avoid mass starvation in Europe.

J. H. Wesson, president of the pool and W. G. Robertson, secretary, have been in London attending the international farm conference, on behalf of western producers. Both stressed the need in Europe for "every bushel of wheat and pound of food" that can be produced.

They discussed the wheat situation with British government officials from standpoint of the western wheat producer and advocated an international agreement between governments of Europe and Canada involving quotas for the principal exporting countries and maximum and minimum prices.

Prices would be negotiated in the interests of the producer and the ultimate consumer on the basis of the present selling price of \$1.55 per bushel.

The international conference, which was the primary reason for their visit to England, was a "huge success," Mr. Wesson said.

BUSINESS THRIVES

Winnipeg Woman Has Great Success With Baby-Sitting Agency

WINNIPEG.—The business conducted by Mrs. Betty Latcher of Winnipeg is a born of desperation but it's a thriving one.

It all started when Mrs. Latcher wanted to go out with her husband one evening and couldn't find anyone to look after their two children. She decided that if Winnipeg didn't have a baby-sitting agency it was high time for one—even if she had to run it herself.

Her first step was to advertise for suitable and reliable sitters. The advertisement brought more than 200 replies including a number of men. The applicants were interviewed and a number chosen.

One of her first customers was an Idaho woman visitor with four sick children on her hands. A helper was with her in 30 minutes to the relief of both the hotel management and the visitor.

BRIEF PRESENTED

Adult Education Is Asked For Indians In Northern Manitoba

THE PAS, Man.—Adult education for northern Manitoba Indians to permit them to earn livelihoods in keeping with their changing mode of life was urged in a brief presented to the Manitoba royal commission of adult education here by Chief Gerald Bignell and Councillor J. W. Harris, representing 500 Crees in the Pas band.

The brief also asked for co-operation between the Dominion and provincial governments in educating Indian and half-breed children.

RISE IS NEEDED

HONG KONG.—A special committee for the United Nations food and agriculture department said far eastern countries will have to import 5,600,000 tons of rice in the next two years to maintain per capita supplies on a pre-war basis.

RUBBER SHIPMENT

HALIFAX.—The first shipment of rubber from the Far East to arrive at an eastern port since the Pearl Harbor attack is due here June 30 aboard a British freighter.

HELPED CLEAN UP

LONDON.—German prisoners of war were called in to help clear the debris and repair damage done in London's royal parks and the approaches to Buckingham palace during the mammoth victory celebrations.

GOVERNOR-GENERAL MAKES PRESENTATION OF KING'S PLATE TO WINNER

Three happy people, despite the rain at Woodbine Park in Toronto, Ont., were Col. R. S. McLaughlin of Oshawa, Ont., owner of King's Plate winner, Jockey Johnny Dewhurst and Viscount Alexander, who presented the trophy. The viscount was unprotected from rain.

CANADA REPRESENTED IN LONDON VICTORY DAY PARADE—A.B. Jack Larkman, R.C.N., of Peterborough, Ont., was one of the Canadian naval contingent who marched in the Victory Day parade in London. Canada's navy, army and air force took part in the great celebration on June 8th.

DUTCH SHIPS IDLE

Held In Australian Ports Due To Situation In Java

SYDNEY, Australia.—Six Dutch ships held up since last September in Australian ports still are idle—and it appears unlikely that they will be able to put to sea until the political situation in Java is settled.

The ships were among those declared "black" by the Australian waterside workers' federation at the beginning of the Nationalist uprising in Java. Wharf laborers refused to load Dutch vessels on the grounds that they were carrying munitions of war and materials likely to be used in suppressing the Indonesian republican government.

ARMY DESERTERS

Many Convictions In Canada According To Tabloid Report

OTTAWA.—There were 4,961 army court martial convictions for desertion in Canada from Jan. 1, 1945, to May 1, 1946, Defence Minister Abbott said in a return tabled in the commons. In the same period there were 3,756 convictions for being absent without leave.

In that time, too, 7,710 had been sentenced to detention, 686 to imprisonment with hard labor, three to imprisonment without hard labor, 34 to be reduced to the ranks, 500 to be discharged with ignominy, three were dismissed from the service and three officers were cashiered.

REVISION OF GOVERNMENT'S WAGE CONTROL REGULATIONS HAS BEEN PREDICTED

SEEK TREASURES

Valuable Collection Stored In London During War Has Disappeared

LONDON.—The Daily Telegraph reported that British authorities have sent an appeal to art dealers and collectors throughout the world to help trace treasures valued at 450,000 (\$178,000) which disappeared some time ago from a wartime refuge in London.

The Telegraph said the collection was deposited in storage early in the war and consisted of ancient Persian carpets, silverware and rare china.

The theft did not come to light until after the death of the owner when the executors visited the storage place to settle the estate.

JAPS SENT HOME

Thousands Were Held In South Korean Refugee Camps

SEOUL.—Eighteen thousand Japanese—most of them civilians who slipped into south Korea, illegally from Manchuria and Russian-occupied north Korea—will be shipped to Japan. Footsore, weary and hungry, carrying small children and meagre bundles of possessions, the Japanese are held in refugee camps in Seoul and several seaport towns, awaiting transportation in Japanese-manned liberty ships and landing vessels.

CHINA WANTS PROTECTION

SHANGHAI.—The Chinese foreign ministry notified the southeast Asia command through the British embassy to take emergency action to protect lives and property of Chinese Nationals in Indonesia. The action followed protests to Dutch authorities over the reported massacre of Chinese at Tangerang.

OTTAWA.—Revision of the government's wage control regulations, preceded by a change in the chairmanship of the national war labor board, is being predicted in informed capital quarters.

Reports so far lacking official confirmation, are that Mr. Justice M. B. Archibald, chairman of the national board, will resign shortly to return to the Nova Scotia bench.

The other two members of the board now are George Hodge of Montreal, representing the employers, and J. A. McClelland of Montreal representing the employees. Revision of the wage control order is not expected until further study is given proposed changes. Recent government action has made it apparent that the present policy cannot long be continued. In two current disputes affecting the rubber and steel industries, the federal labor department has appointed a commissioner to act with the parties in an effort to reach a settlement.

Steel disputes are primarily based on union demands for increased wages and shorter hours. Under the present legislation the national war labor board is the final authority on these matters and its approval must be obtained before revisions are put into effect.

The complications that arise from the plan of appointing commissioners are particularly apparent in the steel case. The United Steel Workers of America (C.I.O.) have long been seeking a uniform wage schedule in the three Canadian basic steel plants. Two of those plants are in Ontario and wage applications in the first instance go to the Ontario war labor board with the national board handling appeals. The other mill is in Nova Scotia and first approach there is to the Nova Scotia board. The Nova Scotia steelworkers average about five cents less an hour than the workers in the Ontario mills and the national board recently turned down the union's latest move for a leveling of the rates. Thus, should the commissioner support the union's contention that rates should be uniform there would be direct conflict between two government-appointed agencies.

Policy Dealing With Shipping Of Grain Is Defined

OTTAWA.—Because of the extreme urgency of overseas requirements the Canadian wheat board does not consider it advisable to hold back country elevator stocks of old wheat for shipment via Churchill in August and September, Hon. Paul Martin, secretary of state for Canada, told the house.

With regard to the shipment of new crop supplies via Churchill over the Hudson Bay Route he said it was still too early to give any accurate information on such a possibility.

With regard to the shipment of new crop supplies via Churchill over the Hudson Bay Route he said it was still too early to give any accurate information on such a possibility.

Present elevator stocks of 1,877,757 bushels of wheat now in storage at Churchill will be shipped out after navigation opens, Mr. Martin informed the house. He was replying to questions asked by Ross Thatcher (C.C.F., Moose Jaw).

Mr. Thatcher asked if any of Canada's trade commissioners in Europe had been requested to seek in-going cargoes for the Hudson Bay Route.

Mr. Martin replied, "While Canadian trade commissioners in Europe do everything possible to encourage Canadian trade the actual routing of incoming freight is left to the discretion of the importers and exporters who select the transportation services most convenient to their needs."

BIG FOUR

Asks American People To Pray For Success Of Conference

WASHINGTON.—State Secretary Byrnes called on the American people to pray for the success of the next conference of the big four foreign ministers at Paris—and not look upon it as a football game.

He also took pains, in talking to reporters, to avoid the appearance of an Anglo-American bloc against Russia by stating in response to one question that United States will not present any proposal jointly with Britain. The answer amounted to a denial that Washington and London together will sponsor a plan for the federation of Germany. Other sources had said that the plan would be sponsored by Foreign Secretary Bevin of Britain.

"All of us must have but one hope and that is making some progress toward a just and enduring peace," Mr. Byrnes said.

GOVERNOR-GENERAL MAKES PRESENTATION OF KING'S PLATE TO WINNER—Three happy people, despite the rain at Woodbine Park in Toronto, Ont., were Col. R. S. McLaughlin of Oshawa, Ont., owner of King's Plate winner, Jockey Johnny Dewhurst and Viscount Alexander, who presented the trophy. The viscount was unprotected from rain.

LOCAL NEWS

Mr. and Mrs. Louis Kratky and young son were Calgary visitors at the week end.

Hermia Peresini is leaving for Waterton Lakes where she has secured employment at the Tourist Cafe.

Mrs. J. Kanik is spending a holiday with her daughter, Mrs. George Goreak, and Mr. Goreak, at Vetteran.

Mr. and Mrs. Alex. Watson, of Calgary, are the guests of the latter's parents, Mr. and Mrs. Tom Higginbotham.

Mr. and Mrs. W. T. Rudd and daughter, of Red Deer, are the guests of Mrs. Rudd's parents, Mr. and Mrs. I. James.

Mr. and Mrs. A. Beveridge, Mr. J. Balloch and Mr. and Mrs. A. Balloch and family motored to Waterton on Sunday.

Mr. and Mrs. C. Simpson, of Moose Jaw, were the Saturday guests of Mr. and Mrs. I. James enroute to the coast.

Born: To Sgt. and Mrs. John James, nee Eva Erickson, of Blairmore, at Dartmouth, NS, on Saturday, June 15, a son.

Mr. and Mrs. Jack Rogers left on Monday for Crossfield where they will attend the wedding of their nephew, Arthur Westworth.

The Journal acknowledges with thanks renewal subscriptions received from Al. Tiberg, Blairmore, and Mrs. George Snod, Coaldale.

Wyndham Jones, for the past five years a citizen of Montreal, is once again back in the Pass, being employed at Hillcrest Mohawk Collieries.

Mr. and Mrs. T. M. Brown, of Spring Point, and Miss Helen Fischer, RN, of Victoria, were the recent guests of Mr. and Mrs. T. Holstead.

Lewie Rucka while enroute to Nampa to work on his father's farm for the summer stopped off in Coleman to visit his sister, Mrs. S. Hatalick.

Beautiful new drapes in floral design decorate the interior entrance of the Palace theatre. The drapes give an appearance of richness to the theatre's entrance.

Mr. and Mrs. W. L. Rippon are expected back in town this week and will spend a few days here with their daughter, Mrs. Vernon Brown, and her family before leaving for the west coast to make their new home.

Mr. and Mrs. Dan Pytylik and baby daughter have recently returned home following a month's vacation spent at Wynyard, Sask., where they were the guests of Mrs. Pytylik's parents, Mr. and Mrs. John Howryluk.

With the new CPR train schedule in operation the local post office is served daily by two mail trains ONLY. Westbound at 1:55 a.m. and Eastbound at 5:11 a.m. Mail for both trains should be posted not later than midnight.

Mrs. M. Venier, of Lethbridge, was the guest of her uncle and aunt, Mr. and Mrs. Adam Wilson, last week. She plans on leaving shortly for Nova Scotia to meet her husband who will arrive in the Dominion from Scotland.

Mr. and Mrs. John Van Maarian and Lorraine and Mr. and Mrs. Harry Weltens are in Waterton to attend the International Lions Convention. Other Lion members and their wives are expected to leave Friday evening for the week-end sessions.

Mr. and Mrs. Mack Stigler left early Monday morning on a six weeks vacation that will see them travel by car as far south as Indiana. While in the States they will attend a family reunion. They expect to travel a total distance of 4,000 miles.

Arthur White, RCMP, who has been stationed in Saskatchewan for the past year or more, is spending a vacation with his parents, Mr. and Mrs. W. White. Arthur's next assignment is in the far north and he expects to be up there for two or three years.

Mr. Tony Capola, accompanied by friends Mrs. Carmaggio and daughter Maurina and Mrs. Manzare, motored to Coleman from London, Ontario. He spent ten days with his sister, Mrs. Bruna Benedetto, and her family whom he had not seen for the past fourteen years.

Mr. and Mrs. Herb. Sherratt were Calgary visitors on Monday.

Margaret Kennedy underwent an appendix operation at the local hospital this week.

Mr. and Mrs. Joe Sikora have recently returned from a vacation spent at Vancouver.

Gnr. John Caruso, of Macleod, spent the week end with his mother, Mrs. Getzman.

Miss Mary Sikora, of Lethbridge, was the recent guest of her parents, Mr. and Mrs. J. Sikora.

Mr. and Mrs. Charles Omar, of Lethbridge, spent the week end with Mr. and Mrs. Joe Cherry.

Mr. and Mrs. Harold Nelson and family are spending two weeks holidays in Saskatchewan and Montana.

Services will be held in St. Alban's church at 11 a.m. on Sunday, June 23rd. The Rev. Archdeacon Axon of Calgary will conduct the services.

CARD OF THANKS

Mr. and Mrs. J. Grewcutt and family, of Calgary, wish to thank their many friends in Coleman for the flowers and kind words of sympathy in the recent loss of their infant daughter.

HONORED

Mrs. J. C. Richards and Mrs. Adam Wilson were joint hostesses at a bridge party on Wednesday evening of last week at the home of the latter in honor of Mrs. I. A. James, who is shortly to leave Coleman for residence with her husband at Vancouver. Four tables were in play.

Honors were won by Mrs. D'Amico, Mrs. W. Purvis and Mrs. W. H. Garner. The guessing contest was won by Mrs. Purvis. The honored guest was presented with a breakfast set by the assembled guests, for which she thanked them for their kindness.

Following the business session at the Rebekah lodge on Tuesday evening a social evening was enjoyed by the members in honoring Mrs. I. James who is leaving shortly with her husband to make her new home at Vancouver.

Whist was played, prize winners being Mrs. James and Mrs. T. Holstead. Following cards a dainty lunch was served after which the honored guest was presented with a beautiful picture of Crows Nest Mountain.

HONORED

On Monday, June 10, Mrs. S. J. Laney, Mrs. R. K. Lillie, Mrs. L. P. Robert and Mrs. Harry Meade were joint hostesses at the former's Blairmore home at a miscellaneous shower in honor of Miss Mary McIntyre prior to her marriage.

The home was artfully decorated with snapdragons, peonies, sweet peas and other spring flowers.

The evening was spent in playing bingo and in guessing contests. Following the games the guests sat down to a beautifully decorated table centred with an imitation three-tiered wedding cake on which was a complete bridal party. There were tall pink and mauve tapers on each side.

After lunch was served a well-filled basket, decorated in pink and white, was presented to the honored guest by Mrs. Carlotta Fleming, who wished the bride-to-be every happiness. Miss McIntyre thanked the guests for their kindness.

Miss Mary McIntyre was presented with a beautiful card table by the grade VIII. class and a set of kitchen canisters and other useful kitchen articles from the grade X health class.

The Coleman teaching staff also presented Miss McIntyre with a beautiful cutglass vase and a breakfast set. A dainty lunch was served at the school prior to the presentation.

A very delightful party was held in the Catholic hall on Tuesday, June 11, in honor of Miss Mary McIntyre. About 40 CYO members were present and a most enjoyable evening was spent in dancing.

A light lunch was served by several of the members. Rev. Leo Sullivan, in a brief address, stated Miss McIntyre would be greatly missed as she was a fine leader and co-operative worker.

Miss Josephine Michalsky, president of the club, presented the honored guest with a Cory Silex coffee maker. In appreciation Miss McIntyre thanked everyone for the kindness shown her.
